“ Dear Gerald and Family, I doubt if you remember me, but I worked with Kay at Statesville Road Elementary School. She was a very good friend to me, and I always enjoyed her stories about her family whom she loved! When our daughter died in 2000, I was in such shock, and I will have to say that Kay did a lot to help me muddle through when I returned to work. Having been through losing Daphne, she knew that all I needed was a hug and someone to listen to me. I remember that on Friday after we buried our Kate, you and Kay came to our house to visit us. We didn't get to talk long because we were going to Kate's high school for an honor they were giving her memory. We will never forget that y'all reached out to us in such a needy time. I know you have millions of happy memories with Kay. She loved adventure, and she loved you and the rest of her family so much. Please take care. Julie Gaddy

“ My name is Chelsea. I work for a nursing agency & had the pleasure of spending many months with Kay at Accordius of Salisbury up until her last day at the facility. She had the sweetest personality 24/7. She walked around & talked to everyone in her own way... she would always walk up to me & say " Aweeeee" like she thought i was the prettiest person she'd ever seen. She loved trying to kiss me on the cheek & hold my hand... I will miss Kay dearly & never forget the time i had with her! My condolences & prayers go out to her family! I can't imagine how y'all felt not being able to visit during the pandemic... if it's any reassurance she never missed a snack & was always so happy! God bless.
