“ My fondest memory, out of many with Tony is a family trip to the beach when his children were small. One and two they were. Tony hadn't ever surf fished before but was eager to learn. He went and bought the best rod, the best cooler, the best of everything. The boy didn't know how to cast. Well, we showed him and the next thing ya know, Tony was casting the line like he was shooting hoops. We had so many laughs over this. He later taught his son to freshwater fish, and he too loves it. You will be missed forever and a day. I love you, Tony. You were a huge part of our family.
