“ *Reflect*

*As from my window at first glimpse of dawn  
I watch the rising mist that heralds day,  
And see by God's strong hand the curtain drawn  
That through the night has hid the world away;  
So I, through windows of my soul shall see  
On day Death's fingers with resistless might  
And on darkness of Time's deepest night,  
Let in the Perfect day--Eternity.

“ *To one who called me and came into my life at a time when it seemed we both were very lonely. And that just cemented a relationship that was never to be broken by either of us. So grateful that both our lives changed and was a God Send for sure and certain for both of us.*
