“ I am so sorry for your loss. Bobby and my baby brother David were very close friends from childhood to adulthood. My brother David was worried about Bobby and for the last several months would call me to tell how Bobby was doing and ask me to keep him in my prayers. Little did my brother know that God would call him home also before Bobby I get a peace and comfort knowing that they are up there together now maybe that was God's plan. I sit and think of things that they did growing up together and laugh to myself about them see this is how I deal with my loss with my memories of us growing up that let's me know they will live on in my heart. It is hard and I pray God will send you a comfort for the days and yrs to come for I know you will miss him dearly as I miss my baby brother David. Just remember he lives on in your heart and memories. David's baby sister Delores Gambrell.

“ Fifty nine years ago I was given a little brother to love all my life. Being able to spend quality time with my little brother during his illness and his final days has precious memories that no one can take away from me. Bobby's illness brought our family closer together and know that Bobby is looking down at me every minute and saying it will be ok and don't shed anymore tears. I know that my brother is repeating this saying to me everyday to pass on to others that are grieving for him..

As I sit in heaven and watch you everyday, I try to let you know with signs I never went away. I hear you when you laugh and while you sleep. I even put my arms around you as you weep. Don't feel guilty that you have life that was denied to me. Heaven is truly beautiful, just you wait and see. So live your live, laugh again and enjoy yourself, be free, then I know with every breath you take you'll be taking one for me.

*Love and miss you forever,
Big Sis*
