David and I worked together in the Rehabilitation Center at Cape Fear Valley - he was a wonderful and kind person. Whenever it was someones birthday and we all went out to eat David always went with, even though sometimes he was the only guy. Heaven is getting a wonderful angel. May he rest in peace. My condolences to the family.

I worked with David for at least 25 years at SRMC. He was a wonderful person, he took care of so many people during that time. I have many, many memories of when David came to save, or, at a minimum assist in saving a life. In the overwhelming health care arena, David paid attention to the small changes, listened to other caregivers, and did everything he could to help people survive and thrive. The world will be worse without David and people like him.

“ David was such a special person in my life, I often referred to him as "Uncle David". I worked with him for several years, and he finally said "I think you'll do alright in PA school".....and here I am, in PA school. He showed so much interest in my life (in his David way)....I will always miss getting off that elevator at Highsmith and seeing him in his "chair" .....followed by a first reluctant, and finally a sweet hug every morning.....Heaven gained a stubborn, yet selfless angel.....I'll love him always
