“ Donald was my dearest friend for over 41 years. His children always called me "sue ray". He was one hell of a man, very talented in every thing he did. He has two outstanding children and we will always be honored to have had the pleasure to have been in his life

“ I remember when Donald proposed to my mom. She was cooking in the kitchen and she was getting so mad at Donald! Well Donald was going around and asking for permission from all of mom's kids. Well of course mom didn't know all of this. Donald went and got his navy ring went and got mom to the livingroom got down on one knee and proposed to her. He was so nervous his shirt was dripping wet. Bless his heart! I love him so

“ *I remember a time when one of the twins got in trouble with the principle at Cirtsville Elementary. The principle put the one (I think it was Donald) in time out. When he got tired of the time, he would just swap with the other brother (Ronald) The principle eventually figured out how to tell them apart, one kept their shoes shined and the other on did not. I will miss you my brother..... Love Judy Smith Weeks*
