“ *Aunt Dot was an amazing woman. She accepted myself and my young daughter into the family as did her sister, Roberta Smith, my mother in law. Our lives were changed by their kindness and love they showed us. When my youngest daughter Heather was born and became old enough to Chew gum, Aunt Dot was always there with a piece to satisfy them both but mostly to get them out of trouble.*

I have her chocolate pie recipe that I make every year. I will cherish and love this woman in my heart forever.

Brenda and your family, my heart is sad but I know all of them are in the better place. God Bless you all. Remember the good times they will help you.

Much love to you all,

Alice and family.

“ My memories of Dot (as I remember Daddy calling her) were when she dipped ice cream cones for us at Rowan Dairy. It was a treat for us as kids when Mom and Daddy piled us all in the car for a trip to the dairy. We are talking the mid and late 60's. We would park in front of the large plate glass window. We would check to see if Dot were working behind the counter. If so, we made sure to get in her line. I would usually go in with one of my siblings to give her our order and out we came with our 6 cones. Dot's wrists must have been tough to dip from those huge, frozen ice-cream buckets!

Dot, you are remembered fondly. Heaven has gained another cherished soul.

“ This is not an easy time for those who knew and loved Dorothy. May God's word bring you peace and comfort during this difficult time for your family. Psalm 46:1 " God is our refuge and strength a help that is readily found in times of distress."

“ I remember when my Aunt Dot took me to downtown Salisbury as a teenager and I bought some knee high rust colored suede boots that had cross over laces. Also I remember when she worked at a dairy bar and we got ice cream there. One night I happened to be down at my Aunt Dot's and Uncle Bob's house around supper time and she invited me to eat dinner with them. That is when I discovered to make russet white potatoes and boil slices of them in water and drench them in butter and serve them on a plate. I still love them today but I cook them with the skin on versus in the old days this was unheard of. Aunt Dot your family will dearly miss you and your sweet smile but I am glad you are home again with Uncle Bob. I am sure he was there to greet you along with your other love ones in heaven. I am also glad that God didn't let you linger any longer in pain here on earth and that you are now at peace. Love your niece Jeanne Gray-Harman
