“ I never met Liz in person, only on Facebook. We both had a love for animals and she cared for several, sort of like Mother Nature to some wild critters. I wondered what had happened, I knew she had a medical problem she shared with us. To her children, she was an angel and now is watching over you.  
I am richer for knowing her.

“ David,

*Our sincere sympathy and prayers to you and your family. Liz was a most talented lady and always willing to share her faith. We were at North Hills Church in the '90s and remember your father well, too. We met you once when you were visiting but know that you probably don't remember us. Be assured of our thoughts and prayers for you during these difficult days.*
