“ Some time ago I had doubts as to if I could really still sing. For some reason I don't remember Gene was sitting in front of Mackie and I. We all stood and was singing a song. As I was getting my stuff together to leave after the service. Gene said " You have a beautiful voice , I was listening to you sing." Mackie said Gene sang and wrote songs. I thought that was so sweet of him. But I know that God used Gene to tell me something I had prayed about. I will never forget that .

“ Nancy and family, I have a lot of good memories of Gene, the first memory is the day he brought Larry to my house to meet me, so I guess you can say I met them the same day.. Gene was always a gentleman around me, I enjoyed him coming to the house and playing the guitar and singing, and he would sing some of his songs to us that he had written, he was always cutting up with me and my kids. I will miss him not popping in every once in a while. May God give all of you comfort and peace in the days to come, just remember that smile and all the good times you all shared together..
