“ It was with much sadness that I read Jack’s obituary today. Jack and I grew up in the same community, attended Woodleaf School and I was his roommate at Appalachian for a year. We made many trips together between Boone and Woodleaf on weekends during our time at college. We did not see each other very often after college graduation but always considered each other friends. I know he will be missed as he was always a wonderful person to be around. My sincere condolence to his entire family.

“ I remember Jack fondly. We had a lot of good times hiking and canoeing together in the Uwharrie Trail Club. He was a leader and a real nice guy. May you feel God’s presence and comfort during this time.

“ It was a pleasure to work with Jack for years at Community Gro. His humor, his knowledge of textiles as I come from a textile background, his funny saying "just barely getting by"., the Halloween he wore the long blonde wig, he will be missed. Linda, this is a difficult time but be strong, keep the good memories, know he is in a better place with no pain, someday you will be together again. You have my deepest sympathy, prayers.

“ *Linda and Family,*

Jack was a good and decent person. Cindy and I met him through the old Uwharrie Trail Club back in 1978. Jack was a funny fellow in that he always saw the humor in every situation. He was kind and very caring, always giving of himself to the church or the Boy Scouts or the Trail Club or to us personally. He was always up-beat and positive. He lifted our spirits every time we were with him no matter what the circumstances were. I always admired and respected Jack. He was a role model for me even though he never knew it. Thanks Jack for being a good friend and for all of the great memories!

“ Dear Linda,
Jack was a tremendous friend to me and my family. He was positive, thoughtful, very intelligent and to many that knew him, a mentor. While visiting him at home recently, my daughter looked him in the eyes and told him that he was her hero. This was in part because the first time this now 36 year old woman met him, she was 8 and had a deer tick firmly dug in while we were on a club trip to Merchant's Mill Pond. My wife was frantic due to the Lyme disease warnings posted throughout the campground but Jack utilized his first aid skills, removed the tick and calmed my wife.

My family's life is richer for having known him and to have shared so many outdoors adventures. I am especially glad that he and I made the two mountain trips together, alone in 2016 and 17 when he was feeling particularly well and able to hike the trails.

Linda, it is with profound sincerity that I thank you for loving him so deeply that you braved the scary nights, lonesome mornings and, along with Jack, fought the good fight until the very end. I know that he knew that you gave your all, because he told me so.
