“ Hi Tommy and so very sorry to read about your mother. We both have been so very blessed to still have our mothers. I loved your parents and they were such an important part of our growing up. I have such good memories of our families having fun times together. It was a sad time in my life when you all moved to Georgia. We have been surely blessed to have had such wonderful parents. You will always be close to my heart with fond memories of our childhood together.
Much love to you and your family,
