“ I am sure no one is reading this since it has been 4 years. And I'm not quite sure how I came across this notification of Jack's death. I am from Geneva and I worked for Andersons Food Mkt during the period of 1967 1970. I knew Jack and Diane, as they worked there periodically during that time. I mostly knew Bob and Lenore, Ruth and Emil, And of course Mom and Pop.
I've lived in NC for over 50 years now, not far from Salisbury. Maybe someone from the family will see this. If so, please know I extend my condolences. If you wish, you may text me at 919-920-0008.

“ I wanted to pass along my condolences. I got to know Jack thru the purchase of Lane Punch by Dayton Progress. I was fortunate to be with Jack twice in Mexico as he helped set up some equipment and he provided training. I really enjoyed spending time with Jack on both those trips.

“ Jack was a workhorse, there wouldn't be a 1083 chapter without him. When I was the newsletter editor, he was a big help .I am honored to have met and worked beside him for many years, he surely will be missed.

“ Jack was one of the good guys. During the days I wrote for the same aviation publication he did, we enjoyed several good laughs together. I would also have the pleasure of running into him at some aviation safety seminars. He will definitely be missed. My thought and prayers with the family of the good man.

“ I will always remember the fun we had on our summer vacations at Rice Lake in Canada. Jack and I were like two peas in a pod. We got along so well, I guess, since we both loved to fish which we did a lot of on vacation. When I would go with my folks to Geneva I didn't mind going down to the creek in the woods to hunt tadpoles or what ever else might be lurking there. Learning to water ski was another adventure we shared there. He will always be in my heart. Maybe the miles kept us apart but Jack has always been in my heart.

From your cousin Jane Neubacher-Eslinger.

“ Jack was a good friend and leader. He will be greatly missed. It will take many of us to feel his shoes. Pegasus has lost his rider!

“ I am so sorry for your loss. We were cousins who never met, and as a person so passionate about documenting our family history, this saddens me greatly. I am, however, warmed by all of the outpourings of love I have seen on FaceBook and appreciate that Jack was a very good man. I see in his pictures family resemblances with my mom, Linnea, and her sister Carolyn. I hope someday, we can reconnect the branches of our family, so we don't lose the family bond that I know was so important to our grandparents. I have attached Jack's obituary to my Ancestry tree, tesl family tree (1). It is open to other Ancestry users.

God Bless you and comfort you.

“ *Jack was my cousin and thanks to Facebook, I was able to applaud his support of Benjamin's racing accomplishments and we exchanged occasional posts. I grieve with Dianne and your whole family and wish we had not lived far away. You were blessed to have each other. My heart aches for you. With love, Linnea Berntson Schlobohm*

“ *What a nice, easy-going gentleman that welcomed the "Back Tracker" cycle group into his home, and made us feel comfortable and welcomed. Great pilot, mechanic, grandpa to Benjamin, etc., etc., etc. A real shame that he is called home at a relatively young 72. We all will miss you, Jack!*

“ *Jack was truly one of the most selfless, generous and caring people that I have ever met. He gave so much of himself and his time to our racing club and its members and did it all with a smile on his face. He was a wonderful man and I feel lucky to have known him. My heart breaks for his sweet family who I know are missing him more than words can say.*
