“ I was so sorry to hear of James passing. I did not know him until my father in law, Ken Ritchie, a neighbor of James', got so ill. James was so good about going over and visiting Ken, just sitting on the porch with him to pass some time. He came to visit him in the nursing home also. After my father in law passed, he would go check on or call my mother in law. I appreciated that so much. He had such a wonderful laugh.
Prayers for the family.

“ James, or “Sifford”, as my husband called him, will always be remembered for his infectious laugh. My late husband, Eric Misenheimer, worked with him at Reynolds for many years. I never saw him that he didn't talk about his children, and always had that smile and chuckle! Good memories. Praying peace for all members of his family.

“ My husband and James worked at Reynolds Metals together for many years. He was such a happy, big -hearted person. When my husband passed away two and half years ago, he came and helped me with closing my pool. If you needed anything you could count on him! I am so sorry his life was ended too soon! I will always remember his special laugh. Those who knew him know that special tee hee hee. Rest in peace, dear James. Pat Payne

“ I know James from the many times he and his family and friends came into Winks. I am a waitress there and he and I always joked around. There were times I would sneak up on him and try to put ice down his back. There were times I would sneak up to give him a hug but he would think I was trying to play a trick on him. He would hug me back. We had that kind of relationship. We would search each other out to say hey when he came in and had a lot of laughs. James I am going to miss you so much. “ To all of James's family, I am so very sorry to hear of James's passing, My name is Roger Lambert, I worked with Toby the whole time he worked at Reynolds, I was one of the people that interviewed him, I could hardly get him to say a word during the interview, I was lucky enough to have James to work in my department. He and I became very close friends during the time at Reynolds and we remained friends after the plant closed. If you had James as a friend you had a true friend. Since I found out about James's death I have thought about the crazy things he did at work and laughed out loud, then I think about how I am going to miss that big smile on his face and I start to cry. Another angel got his wings fly high Toby. You all are in my prayers

“ I first met James in the 70's. We became very close friends and had a lot of good times together and with our "gang" - especially in the snowy weather. My sister and I nicknamed him "Snew" and called him that for many years. I will truly miss you my dear friend but I know you are in a much better place - in the arms of Jesus. Thoughts and prayers to all the family at this most difficult time. Margaret T. Shumate
