“ Met John a few years ago while playing golf. Really enjoyed playing with him and talking to him. He was a wonderful person. Both of us had a connection to Burlington, NC. John was a graduate of Walter Williams High School, and my mother's uncle was Walter Williams for whom the school was named. Both of us shared many memories of Burlington.

“ I've only come to know John in the last year, but I have known Michael for years. John was a very happy person, even though he was sick. He made the best of each day! He came out almost every Tuesday to play trivia. His knowledge of all things was impressive. I'm glad I got to spend Thanksgiving with him and his family. He will be missed dearly.
