“ Just learning about June, I want to share that June and Kermit were very very special to the Hutton family while we all lived in Newton, KS. The Eshelmans were true blue special friends without qualification. My late mother, Prue always was happy to be with June. Growing up, June was someone that made me marvel: she did it "all" --- her own business and career, endless energy, community service, church, and oh "my Three Sons" that looked like movie star.... Before her time, June defined "Work-Life Balance" and was the queen of networking. And yes, precisely "Branded" perky in Black & White. The last time I saw June and Kermit was having dinner at the Halekulani in Honolulu over 30 years ago and promised myself I would savor the evening, not for the view, but for the company of June and my Mother and what an inspiration and role-model June was to me as a young adult. She did it all, loved life, proud of her family, and keep those sparkling eyes moving and capturing everything around her.... Through the years, I enjoyed the Eshelmen's Christmas cards. June was very special to everyone in Newton KS, and the Hutton Family loved her very much and savor our "June Memories" Our thoughts and prayers.....
