“ I know I'm not your real Daddy, but you always treated me like I was. You blossomed into such a beautiful young lady most of all with a heart of gold. You were such a blessing to me and many more than I ever realized. One of my favorite things was when we went on date nights just you and me. We'd go out to eat, especially on each of our birthdays. But my favorite was when we went to Chili's then went to see the 3D movie Mega-Mind. I still have the 3D glasses. I wish we could go just one more time. This life will always have a large void without you in it. But I am thankful for knowing with NO doubt you are with the Lord Jesus. I pray I can measure up enough to enjoy to spend eternity with you when the time comes. You are a perfect example of what a follower of the Lord should be.

Love you forever

My thoughts and prayers go out to Madison's family. I never met Madison but m a cousin to her grandmother Linda Lindsey and I also know her father Timber. I cannot imagine the pain you're feeling right now and I hope knowing that she is with the Lord will help you deal with your grief. God bless you all and Madison and keep you in his care Donna Patrick
