“ Nancy was a member of our Creative Needles group at Ruffy-Holmes Center. She was an inspiration to all of us. She was kind and so helpful to all of us. She was our problem solver on any pattern we were having trouble with. Always willing to take her time to explain what to do to solve it. I know she is at peace being with her James again. We always loved when James would come to pick her up around the end of our class. He would sit down and join in any conversation going at the table and maybe nibble on a cookie or snack. They were a sweet couple.
