“ Sweet Nancy,  
How will I ever tell my dachshund that you are gone. She completely adored you, as did I. I'm so sorry we didn't get to say goodbye and I'm just now hearing of your passing. Rest in peace knowing you touched many lives; two and four-footed.

I was in Nancy's graduation class at SHS and went to Salisbury for family visits..She was one of Mom's sitters during her last 1 1/2 years; so I saw Nancy frequently during that time. We would have coffee or lunch when I was in town. We continued our outings when I was in Salisbury settling Mom's estate the year following. Nancy was so kind to Mom and took her brownies occasionally because Mon had a chocolate sweet tooth. She visited Mom in the rehab center before Mother died. They developed a great relationship. I would have trusted Nancy doing anything for Mom in my place when I was too far away to get there quickly. She just seemed to walk in my shoes for me without being asked when I wasn't there for Mom. Nancy was such a blessing, and I was lucky to have reconnected with her.

I always had Nancy on a pedestal in junior high school when we met in Tri-Hi-Y. She was our best basketball player (she was one of our "rovers" before girls played full court), and she was great at gymnastics. I aspired to be as good as she was. When I told her that, she said, "Oh Lord." and laughed that great laugh of hers. Nancy was just a really GOOD person to everybody. She made whomever she was with feel special. I'm really going to miss her. We last had lunch together March 6th. I took a "selfie" of the two of us in the restaurant that day that I will always treasure.

May prayers others are praying for you and your good memories lift you up at this difficult time. Nancy was well loved by family and friends.

“ Nancy was a wonderful person. We worked together for a few years and she made me feel welcome from the first day. She always had a smile on her face that would light up the room. Her spirit of love and joy was felt by everyone that knew her. Her love for decorating for Halloween and Christmas was contagious to all. I feel very privileged to have known her for just a few short years and am a better person because of who she was. Her memory will never be forgotten. Rest in the arms of Jesus my sweet friend.

“ Nancy's vivacious personality and great smile welcomed everyone. Though we were not close in high school, I remember her as always being kind and smart. After our 40th reunion and subsequent birthday and reunions, I had the pleasure of getting to know her. As I write this, tears are spilling as I think of not seeing that brilliant smile or hearing that boisterous laugh at our next gathering. Rest in the loving arms of God, Nancy. I'll miss you and so will everyone else who loves you.
