“ Pam and I went to school from the 1st-12th grade together. We sat on the bus to Woodleaf and West! What a great friend she was! Sleepovers, dances, etc., we did all the things kids did back then....seems like yesterday. I loved her and haven't seen her since high school, I guess, but always thought so much of her!! “ Oh my, I have so many, but I will limit myself. Pam and I worked together in ICU many years ago. It was back when we could smoke openly in the hospital. Pam was a practical joker and every chance she got she would grease the door knob to the bathroom so you couldn't get in and it wasn't just a dab, it was a lot. She also would take my cigarettes and get all the tobacco out and fill them with cut up rubber bands and it wasn't just one, it was many. Now on the other hand if we hid Pam's snack she laid on the desk she would get furious. What a wonderful young lady to work with. We worked as a team and we laughed as a team. My heart breaks at the loss, but I will see that smile once again. Behave Pam. Will surely miss you.
