Tribute Wall

“ Immediately upon meeting Gene in 1979, he became a mentor, friend and hero to me! Although it's been many years since I last saw him, he continues to have a positive influence upon my life to this very day! Regardless of wether we were crappie fishing on a beautiful day or crawling around in the mud and pouring rain at 3am re-railing a wayward railcar, there was always something to learn, and I'm forever grateful for each minute I had with him over the years! Gene was always a good right arm for God, and although we're sad, heaven is rejoicing his return! R.I.P. Gene! I loved you like a second dad!
