*We thought so much of Todd . He was a great guy and a great neighbor . One time our mower was messed up and the yard was looking terrible so we asked if we could borrow his mower and instead he just mowed our yard . He helped us so many times. Our whole family thought so much of him . He will be missed !!!!*

“ *Todd Parker is part of our family here at Gem Fab / Core and Main LP in Cleveland, NC over 20 years. Todd is very talented and trained many welders over the years. Todd could make you laugh with his comical dry humor. A great storyteller and a great friend to many of us. If you don't want his opinion, don't ask for his opinion. He takes his work seriously and reminds folks often that what we do saves lives and property.*

*Todd will be here with us at Gem Fab forever! In the days to come and years to pass, comments shall be heard often about what Todd said or what Todd did. Like everyone here, Todd is a hero. We are essential workers serving during the pandemic at its peak.*

*There are no words that can express the emptiness that many will feel in his passing.*

*We will remember Todd and that suspicious grin he displayed often. You will be missed, Todd*
