“Curl loved her flowers and to decorate her house for all occasions. When I would come to town we would walk her and Tommy's yard. We would talk about what was old and new and where she got the new flowers. I would take clippings from her yard to take back to Az. with me. Their yard is a beauty. It always looked like it was from Better Homes and Garden magazines. All the sisters have gardens and I believe we inherited that from our dad who loved to garden and grow veggies. I called her Curl for her entire life (aka Shellie) she had all that hair with plenty of curls. She called me sister #3. It was a funny between us both.

We also loved to go up town and see the latest fashion. Of course it was always a stop at Haps to get a hot dog. We would either take mama a hot dog back to the house or she would come with us. Mama had us eat the hot dog out side the car, because it smelled so so good and it lingered. We got 3 hot dogs and shared one. We then stood outside of Haps and loved to laugh and joke about anything we could think of. I have a lot of other memories, but too many to share.

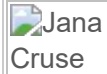

We would also walk down at southport along the shoreline hoping to see a huge ship come in. We would stop at Java's and get a tea and a bagel for us and a dessert for Tommy and walk back to their home.

We may of had our differences from time to time, but I will surely miss my sister and I pray she is up in heaven with Jesus and has been assigned to the beautiful gardens that are there.

Love you Curl,

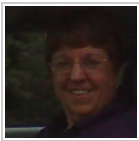

Mary Alice, sister #3

“ Sweet Cousin Shellie. how she loved her flowers, her vintage dresses and her tiny yorkie. we considered her the family historian for the Cruse family. she was so eager to help track down her long lost grandfather who had become estranged before her birth when old letters from him were found at the old Cruse house. Later she was so excited to find her father's half brother (1/2 uncle) still living and guided her father into taking a DNA test for confirmation. it was a joyful time for her and my husband who was also happy to find his roots.
later we shared a lot of happy times when she was in Southport. we are so saddened to hear of her passing. she will be forever missed.

“ Shellie and I went to Lutheridge when she was 9 and I was 8. Mary Alice was to go with me but she was afraid to get a tetanus shot. George and Peggy picked us up and took us to Gatlinburg. It was a great trip. She would visit Alma and Paul and brought her boys with her. And went to the old pond at the Weants to get lotus plants. She was always happy and fun to be around. Sad to know she is gone but happy too for we know she is with George and Peggy and so happy with Jesus❤️
