“ Although I only knew Steve through working at Freightliner I really looked forward to seeing him at CRC. We always cut up when aligning headlights and used the Blue Roll up door to aim. That ended up being the best tool ever to get a good headlight position. He always smiled and was never in a bad mood although some days were pretty crazy around Offline. He will be missed greatly but he is in a better place looking down on all of us and is in No Pain. Prayers for the family during this time. Van##imported-begin##Van Chapman##imported-end##
