“ *My Dearest Bubba Tom, I will miss you so much; Life will not be the same without you. I feel so dumb inside and sometimes I just think about texting you and it hits me; like no you cant do that. I know this happened so quickly and I am grateful that I came to the Hospital last week and we had a really good talk. I was able to reiterate how much you meant to me and how much I loved you. When you looked at me and said, "Sissy, you mean the world to me and never forget that"; I feel you knew something. I am thankful that I was able to help you raise your older kids and let them know what Love is and I promise you I will be there for Ashley and Amanda and making sure they succeed. I know you suffered from a lot of pain and fought thru things and I know the pain your Rheumatoid Arthritis caused you. Well now sweet baby Brother; no more pain, no more having trouble walking and no more fighting other things. I love you and please Rest in Peace until we see each other again.*
