“ Hard to believe my brothers gone! Sometimes in life we take it for granted or we say and do things we don't mean but then the time comes you wish we could take it all back and do it all over again and right now I wish I could see him and talk to him one more time! I love you brother regardless of how far we lived apart or what little bit of time we spent together you'll always hold a special place in my heart...you took me golfing for the very first time in my life when I was 11 and now to this day golf is one of my most favorite hobbies and sport thanks to you!! Every-time I step on the golf course for here on out you'll be riding right next to me in the golf cart regardless if we're in the middle of the fairway or deep in the woods lol...gone but never forgotten I love you brother
