“ Charlie, Dina, and Family,

My deepest, heartfelt sympathy goes out to you at this time. I also feel comforted by the wonderful memories that I will forever carry in my heart. Vanessa was an original!!! There will never be another exactly like her and we will remember all the crazy stuff that she did... and what she did most was make people laugh and enjoy life. I know that it must have been really hard on you guys, especially when she was in pain.

Take comfort in knowing that she's probably already taken over a special section of Heaven and has recruited a host of angels to watch over and cheer you onward!!!

To Bryson, Know that your grandmother was so very proud of you!!! She would call me and talk about you much of the time. I hope that you'll always remember her hearty laugh and warm smile and her caring manner.

You will remain in my thoughts and prayers. May God continue to keep you in HIS care and comfort.

Lovingly,
