“ Venus was a free spirit. Though illnesses in her later life caused her to be distant from many friends, I have the most wonderful memories of her from our teenage years. Her little yellow Mustang "Baby". Summers going to Summerville, SC and living in a converted Snap Tool Van in her sister's back yard! Slumber parties that crammed 6 of us into her bedroom which could not have been much bigger than a large walk in closet. The night before she left for Bob Jones University...sitting on my front steps our crew crying about how we didn't know how in the world we would survive without one another. Then her letters about getting demerits before she got unpacked! She was singing...something from the Four Seasons I think. ALL of the boys who broke our hearts. I remember when her Baptist heart battled with my Lutheran pastor. I still have a small box of our primitive version of "Facebook"....folded notes passed in the hallways of Knox and SHS....many filled with advice and observations way beyond her years. The world was a little brighter, the air a bit fresher when she stepped in to your heart. Rest, dear one.....away from pain and worry and angst. Sing and dance in the light. Just as others waited for your arrival, I know you will be with us when our time comes. Blessings and prayers for all who loved her and cared for her. Brenda M. Zimmerman
