“ I knew Lee since I became friends with Lynn over 50 years ago. Lee was always involved in so many organizations, Lynn and Gail's lives and schools, and always positive person. Going to their home after school was something to be looked forward to. An incredible baker, when Lynn and I were counselors at Croton Day Camp, Lynn would always have a home baked treat such as blueberry pie or angel food cake. The rest of us would be lucky if we got some kind of packaged snack. She and Bob had an incredible marriage. When Lee volunteered as a chaperone to our Spanish club class trip to Spain in 1971, Bob sent red roses to Lee at the various hotels we stayed at. When Bob had to be at Skyview Nursing Home, Lee was there every day until the end. As a client in our family owned insurance agency, her visits to the office were like a social visit. We all looked forward to seeing her hearing the latest news. I will miss her very much.

“ Lee was always proud of the fact she was 92. She had all her faculties till she passed away. She led a full life and she continued to miss my uncle Bob. That was truly a love story. After Israel Sack Inc. Closed she continued to keep the Israel Sack name continued and made sure that any records were donated to appropriate facilities so others had the opportunities to study them. I'll never forgot how sad she was giving up her car. She liked hot soup and would return it in a restaurant if it wasn't hot enough. May she rest in peace next to her love uncle Bob. A generation gone forever.
