“ *Bill is a good friend and faithful servant. I had the privilege of spending time with him on the road to different masonic and shrine events. He had a keen sense of humor and tried to look for the best in everyone. I enjoyed his humorous emails. I was indirectly involved with his health care through some ED visits I was devastated when I was notified he was in the hospital in Charlotte. Everything he attempted he did well and there is nothing he wouldn't do to help someone, regardless of how well he knew them . I know he has a special place in heaven and is now watching over us . Rest easy brother and thank you for your friendship until we meet again in that house not made with hands.*
