“ Bill and I grew up together literally. The back doors to our apartments were no more than 50 feet apart with Bill living on Maupin Avenue and I living on Heilig Avenue. We attended Wiley School together from the first grade through the eighth grade. We attended Boyden High School together and played high school baseball together. We then attended and graduated from N.C. State together. Our career employment took us in different directions, but we always played golf together whenever we had a high school class reunion. His health prevented him from attending our 60th reunion this year, and I felt a void with him unable to attend. I will miss Bill Griffith. May he rest in peace.
